Ref: Buy America and Buy American Acts

Dear Valued Customer:

Please let this letter serve as documentation that the steel pipe, sprinkler pipe, conduit and conduit fittings manufactured by Wheatland Tube Company are produced domestically in the United States of America. Additionally, Wheatland's products meet the Buy America and Buy American Act requirements of 100% made and melted in the USA, if requested on the purchase order.

Some sizes and schedules of Wheatland's pipe larger than 6" may not meet the Buy America(n), ARRA or AIS requirements due to our Atlas Tube (Zekelman Industries) manufacturing capabilities in Canada. However, the sizes and schedules of pipe larger than 6" converted in Canada are considered Made in the USA. Wheatland Tube's 18" ASTM A53 ERW Grade B pipe is 100% melted and manufactured in the USA.

If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Michael S. Ryan
Technical Services Manager
